Founder | Chairman
Yayasan Usahawan Malaysia

YAYASAN USAHAWAN MALAYSIA | MyPreneurship

It is with pride and honour that I extend once again my warmest congratulations to all the SME and Entrepreneurs Business Awards | SEBA 2019 winners that have showed tremendous determination and huge successes in businesses and industries in which they operate in. We would like to extend our sincere appreciation to the Ministry of Entrepreneurs Development Malaysia and all other partners, sponsors and associate organisers.

This year, a total of 95 awards to 72 recipients, were given out to both individuals and enterprises at this 4th prestigious annual awards and recognition programme under the auspices of Yayasan Usahawan Malaysia.

On behalf of the organising committee and SEBA 2019's Board of Advisors, I would also like to record our sincere gratitude to all those who have contributed in one way or the other in this incredible opportunity to support and share in our vision to raise the profile of these hardworking and enterprising SMEs and entrepreneurs nationally.

The stringent criteria made companies and successful business owners not only focus and develop their businesses even further but also provided an opportunity to review the successes and milestones over the years.

Today's awards night showcases the achievements of Malaysia's top SMEs, Enterprises and Entrepreneurs besides providing them an exclusive platform to benchmark their products and services as well as to further enhance their brand image in the competitive and noisy global marketplace.

Congratulations once again to all the winners! May today's recognition leave you with lasting memories and prosperous years ahead. I look forward to greater industry participation on realising the government's focus on making Malaysia a developed nation by 2030. With the launch of the National Entrepreneurship Policy (DKN2030) by the Ministry of Entrepreneurship Development Malaysia, we see a clear roadmap for SME's, Enterprises & Entrepreneurs to rise.

We look forward to the 5th edition of SEBA in 2020 and will see the platform grow into the "Oscars" for SME and Entrepreneurs.

Thank you

MESSAGE FROM MINISTER OF ENTREPRENEUR DEVELOPMENT

Congratulations to all the winners of the SME and Entrepreneurship Business Awards 2019. Your achievement today is a recognition of your hard work, diligence, perseverance and passion.

I am always pleased and inspired to see Malaysian entrepreneurs scaling greater heights, exploring new frontiers and making their presence felt in their chosen fields. The award recipients present here today may not be aware of this, but in pursuing your entrepreneurial aspirations, you have also become a role model and paved a path for other upcoming entrepreneurs to follow suit.

Being awarded the prestigious SME & Entrepreneurship Business Awards 2019 puts you in the top league of Malaysia's entrepreneurs. It is my sincere hope that this is only the beginning, which will motivate and encourage you to achieve even more greater successes in the future.

On the part of the Government, the Ministry of Entrepreneur Development will continue to work towards inculcating a culture of entrepreneurship in Malaysia. With the National Entrepreneurship Policy 2030 now in place, we hope to ensure that entrepreneurial activities will account for at least 50% of the nation's GDP by 2030.

Last but not the least, kudos to the organisers, Yayasan Usahawan Malaysia, for creating this platform to recognize and celebrate the achievements of Malaysia's top entrepreneurs.

Thank you.

MESSAGE FROM THE SECRETARY GENERAL OF MINISTRY OF ENTREPRENEUR DEVELOPMENT

Warmest congratulations to all the SME and Entrepreneurship Business Awards 2019 winners. Your achievement today is a recognition of your tremendous determination, diligence, perseverance and passion.

Entrepreneurship has always been the backbone to the nation's economic development. The comprehensive National Entrepreneurship Policy 2030 (NEP2030) which was launched on 11 July 2019, sets the country's entrepreneurial path by outlining key strategies towards making Malaysia a leading entrepreneurial nation by 2030.

NEP2030 was formulated to develop a holistic, conducive and inclusive entrepreneurial ecosystem, so as to address changes brought about by globalisation, digitalisation and disruptive technologies. The initiatives and strategies outlined in NEP2030 are also in line with the Shared Prosperity Vision (SPV2030).

In this regard, the 4th edition of the SME and Entrepreneurship Business Awards will not only help to promote and encourage local entrepreneurship but also further affirm Malaysia's position as a conducive environment for entrepreneurs to flourish as evidenced by the achievement of these entrepreneurs here today. Thank you to all of you and I hope the SEBA 2019 Awards will spur you on to do better and achieve greater success.

Thank you.

BOARD OF ADVISORY MEMBER | SEBA 2019

MESSAGE FROM TAN SRI LEE KIM YEW

Warmest congratulations to all the SME and Entrepreneurs Business Awards [SEBA 2019] awardees. Your resilience and hard work has taken you to great heights and topped up with a prestigious business award, I am positive this will only further spur you to greater things.

Entrepreneurs are different than other problem-solvers. With an uncanny ability to come up with unique solutions that transform lives and industries, such entrepreneurial thinking can transform daily activities. What many people overlook when they evaluate these and other entrepreneurial successes is that while the problems they solve may appear quite complex at first glance, the actual solutions are relatively simple. By training themselves to provide an easy-to-understand solution to the problems others face, successful entrepreneurs are set up to make a lasting impact on the world.

The contribution of entrepreneurship and innovation to Malaysia's economic prosperity has grown with the shift of the global economy towards a mode of production in which knowledge has become a key input.

All of you here today have achieved tremendous success based on strong execution of problem solving. Your business solutions might have been simple yet enough to create an end product of service that is easy for your customers to adopt with a lasting impact.

Congratulations once again and it is my hope that this achievement does not stop you from achieving greater success.

LYNDIA WONG

ORGANISING CHAIRPERSON | SEBA 2019

MESSAGE FROM SME AND ENTREPRENEURS BUSINESS AWARDS ORGANISING CHAIRPERSON

I am honoured to be once again holding the chair of the SME and Entrepreneurs Business Awards organising chair for 2019 as we come together to celebrate entrepreneurship and innovation, a topic which is crucial for economic and social development. Our economy and future prosperity depends on many factors, but high among this list is the ability of entrepreneurs and innovators to develop ideas into great enterprises. A sustained economic development anywhere around the world today requires diversification, which is precisely where entrepreneurship and innovation play their role contributing to economic prosperity and to social cohesion.

The SEBA 2019 awardees who have graced the pages of this edition of the SME and Entrepreneurs Business Awards Commemorative Book goes to further proof their commitment towards contributing to the nation's economic prosperity. The contribution of entrepreneurship and innovation to economic prosperity has grown with the shift of the global economy towards a mode of production in which knowledge has become a key input. The challenges of the knowledge economy originally interested the most advanced economies but are now critical to growth in emerging economies as well. Vigorous entrepreneurship and SME development are among the most important conditions for successfully meeting the challenges and I would like to personally congratulate each one of the SEBA 2019 awardees for playing their roles in overcoming challenges together as a country.

Many entrepreneurs exist everywhere in our economy; we see how they have transformed the way we construct buildings and infrastructure... how we produce and efficiently use energy and how we manage scarce water resource and how they lead major businesses and projects in Malaysia. We are proud of the many leading entrepreneurs we have, who contribute to building a diversified and innovative economy. These great innovators and entrepreneurs are not just working on great ideas and they are not just solving problems, they are building up our economy. Their ideas are creating jobs... they are enhancing prosperity and they are inspiring a generation of rising Malaysians who see how their minds can be our greatest resource.

Once again, I would like to congratulate all the SME and Entrepreneurs Business Awards 2019 awardees. Thank you for all that you do in making this country great.

ADVISORY BOARD

YAYASAN USAHAWAN MALAYSIA *MyPreneurship*

Yayasan Usahawan Malaysia (MyPreneurship) is a non-government organisation that thrives on the frontier of gathering, creating and developing sustainable companies with strong entrepreneurship traits. Our organisation builds credibility on serving as a platform that supports the development of these companies because the programmes that we offer are tailored with their best interests in mind to ensure that they are able to achieve their goals while sustaining core values.

Our concentrated efforts to play the role of bridging the gap for companies, whether they are long established, highly successful or new start-ups, serves as an instrument to promote healthy competition and positive collaboration that pushes these companies forward. We believe in setting stringent standards of quality and empowerment in alignment with our mission to spur growth by nurturing the entrepreneurial spirit.

At Yayasan Usahawan Malaysia (MyPreneurship), we truly believe that we can empower entrepreneurial companies to express creativity as a change leader. We encourage business owners to follow their passions, take risks, develop, organise and manage market-driven, customer-centric business ventures that continue to thrive within a constantly evolving and competitive global marketplace.

Our vision is to help realise dreams of the best pioneers, innovators, leaders and inventors to make Malaysia the next Entrepreneur Hub in Asia.

MISSION

- ▶ We are committed to creating a great community that believes in the entrepreneurship potential
- ▶ We take the initiative and lead in driving growth and nurturing concerted support towards the development of people, companies and ultimately, the nation.

VISION

- ▶ We believe that entrepreneurship is a key driver towards well-being, progress and unity
- ▶ We envision that as entrepreneurs, as individuals, as corporates, as industrialists – we all play an integral role to help people improve their lives, companies to enhance productivity and the nation to achieve its economic goals
- ▶ We drive the entrepreneurial landscape to promote creativity and knowledge assimilation, inspire confidence and link the ecosystem players to one another to create successful interactions.

In pursuit of this mission, we will abide by key principles espoused by our Board of Advisors:

- Identify opportunities where application of the Foundation's people, ideas and capital can benefit society in significant and measurable ways.
- Develop innovative research-based programmes leading to practical sustainable solutions that are widely accepted and implemented.
- Partner with others to leverage our resources and capabilities while avoiding the creation of dependency.

MR MARK DING

Mr Mark Ding has put Xidelang Holdings, as one of China's largest integrated shoes and apparel brand enterprises. They distribute from footwear, clothing, bags and accessories. He also integrated methodologies of research and development for production and sales. Starting from 1993 it took him twenty years to develop, Xidelang Holdings. Currently his company has gradually become the representative of China, an international renowned fashion and leisure brands ODM production site.

Mark strategically planned a long-term focus to develop in the domestic market at first. Soon he has lead Xidelang to increase its sales to 30 provinces and cities. Xidelang has established itself as a huge supply chain and distributor in China.

Mark has made his way to the global market by exporting products to the United States, France, Chile, Turkey, Brazil, India, Russia, Spain and to over 20 countries and regions, that is trusted under global merchants.

Mark has moved the company's focus to three areas which is the production base (shoes, clothing) research and a development areas. To keep up with the demands, Mark has designed a newly built industrial park that covers an area of 123 acres and a building area of 150,000 square meters, with more than 3,000 employees. There is an annual output of 10 million pairs of shoes, clothing and accessories 8000000/sets, which in remunerated a profit of over one billion dollars.

Under Mark's leadership, Xidelang has progressed from being an international trade of OEM to ODM (suppliers). With this progression he has manage to partner with world-renowned brands like REEBOK, Armani , ZARA, BROOKS, SKECHERS, DIADORA, GUESS, WOLVERINE, KMART, TOMMY, SPORT DIRECT (UK's largest sporting goods retailer), and many other international brands .

To maintain a smooth operation in his company he strictly implies the "6S" enterprise management system and follows the ISO9001: 2000 international quality system certification.

Over the years he has been accorded with various awards such as Forbes Asia's 200 Best Under A Billion, Fujian famous trademark, Fujian famous brand products and many other honorary titles.

To turbinatethe growth of Xidelang to meet criteria's of international business development, Xidelang Holdings Limited is listed on Bursa Malaysia Main Board (KL.XDL, 5156), in November 2009. With this step Mark has connected the economy bridge between Malaysia and China.

Farhash Wafa Salvador is the Executive Chairman and founder of Swag Technologies Sdn Bhd which was incorporated in 2013. He is an inventor for Swag's patents which were filed in 21 regional and national phases, the first of which is granted by the US patent office. Farhash completed his Master of Science in University of Portsmouth, UK. In 2008, Farhash represented Malaysia at the Asian Renaissance Programme in Jakarta, Indonesia and he was also awarded the Honorary Humanitarian Consulship by the Organisation of Islamic Cooperation and Friedrich Naumann Foundation for Freedom Fellowship in 2009.

He also received awards for 100 Most Influential Young Entrepreneurs in 2017 and Bumiputera in Business from One Awards in 2018, in addition to the award for Mega Potential Startup on behalf of Swag Technologies from SME & Entrepreneurship Business Awards in 2017. Super WiFi Anywhere you Go, better known as SWAG, is a tech start-up whose mission is to reduce the digital divide by providing fiber-like internet speeds and reliability to anyone anywhere and at any time by making better use of existing network infrastructures. Swag started with a solution to improve WiFi coverage and pivoted to a purely mobile approach in 2015 based on market feedback. Recently, Swag pivoted once more to a fixed-mobile convergence router that fits its client's profile more accurately.

With the leadership skills of Farhash, Swag obtained several grants and support under various programs (Cradle, Teraju, Platcom, etc.). Swag is a major disruptor for Internet access in the last mile where existing copper-based DSL connectivity can be complemented with LTE to offer better speeds than existing DSL-only offerings in a more sustainable and reliable way than other LTE-only approaches. Swag offers the best coverage, bandwidth and reliability in areas where fixed is not available by merging mobile access from multiple network operators and can eventually be integrated into tomorrow's flagship smartphones to create a major differentiator in an otherwise ultra-competitive and homogeneous industry. Recently, Swag entered a major partnership in the Middle East and seeking to expand globally over the years.

ARIZ RAMLI (CAPRICE)

ARIZ RAMLI (CAPRICE)

Ariz bin Ramli is also known as Caprice was raised up in a diplomatic family with the Malaysian embassy in countries such as Algeria, Jordan, France and Venezuela. He graduated with the IB Diploma and later pursued a career in music. His passion in music and technology gave him a unique edge of understanding the youth and creating songs or even apps that has left a social impact within many schools, colleges and universities. He even had over seven number 1 hits singles on local radio, an online tuition website that was later sold to Johor Corp, to Mengaji.com with over 300,000 global users, Ariz aims to innovate and empower the youth.

Ariz gave his educational talks at over 300 schools, colleges and universities all over the world. He has also given his international talk in Korea and he had been offered to give his talks all over the globe too. He loves the youth and he decided to build the best and cheapest online tuition in Malaysia to students from Upsr to Stpm levels with the most experienced and best teachers across the country called Clasruum.com.

After he has sold the Classruum.com to Johor Corp, he then continued his journey to build more apps for the community and the youth. He got inspired to build an Islamic apps called Mengaji.com for the sake to be a better person. The aim is to drive a new culture in Mengaji among Muslims around the world. The apps also have the reciters from all over the world including Morocco, USA, Indonesia, Singapore, Saudi Arabia, and also Malaysia.

Moving forward, he then proceeded the career in mobile apps by building Umrahloka as a platform to book umrah packages from the umrah agencies through one apps. His aim was to help all the Mutawwif around the country to gain side incomes and improve the standard of their living. Ariz got invited to share Umrahloka at the Annual Umrah & Haj conference in London back in 2018 and he won gold award at the Malaysian International Halal Showcase (MIHAS) for Umrahloka.

After that, he wanted to give back to the society by helping all the students to get side incomes by doing some part times jobs. So he built the Rajin App so that the students can find jobs in the apps and for the employers out there to offer their jobs.

Ariz then wanted to help the ustaz and ustazah in Malaysia to improve their living cost by building the Islampro app that offers home services to the community. The app is about providing Ustaz or Ustazah to help the community to mengaji, berubat and also doa selamat. Besides that, the apps also help the students to find a private home tutor for UPSR, PT3 and also SPM. Home services such as barber, bekam and cleaning services also in the apps. Donations are available for the community to donate according to the campaign provided in the app.

CHRISTY NG

CHRISTY NG

Shoe heaven's bitter sweet journey began in the living room of Christy's mother house in Taman Bukit Emas, Petaling Jaya. Due to the lack of funds, bootstrapping was the only feasible way the business could kick off the ground. It all started when Christina Ng, then working for a Swiss Pharmaceutical company decided to put her childhood dream to life and make some side income. Christy Ng is a pseudonym used in the initial stage during brand conceptualization as a symbol of reinvention in hopes of great things to come. After loading a few unique shoe designs on Facebook, the news went viral and the Christy Ng Shoes fan page gained thousands of fans within the first month. Encouraged by the response, a simple blog using free wordpress shopping cart plugins was created. As sales picked up in early-2011, a full-fledged e-commerce store was required to cater to the increasing demands and orders which were pouring in.

Christy thought that it would be a convenient way for consumers to shop for shoes at the luxury of their own home -with just a click of the mouse! Mainstream brands were not readily available in the rural areas of Malaysia and e-commerce would be the most effective and feasible way for woman to shop for shoes. The idea of having one single store where people from any part of this globe can shop at 24 hours a day and 365 days in a year was sexy. Being able to sell products we believed in and sharing our passion with the rest of mankind was mind blowing. The world just suddenly becomes your oyster and possibilities started to seem limitless.

To provide a better shopping environment for customers and a more conducive environment for all Christy Ng team members, Christy decided to relocate Shoe Heaven to Damansara Uptown, Petaling Jaya. The Shoe House was becoming cramped and team members will be soaking in their own pool of sweat all afternoon trying to get things in order. Both Sabrina & Crystal would spend their nights sleeping inside the office during the early days on relocation. We were working on a shoe string budget trying to set up the storage facilities, POS facilities, computer systems and everything from mending the furniture to throwing away old shoe boxes. The team played an exceptional role and contributed heavily in bringing the office to life today.

"The office storeroom is a great place to sleep. I can sleep very peacefully." – Sabrina Lai

Shoe Heaven is all about turning our childhood dreams to life. Every girl wants a closet filled with fabulous shoes. With that in mind, it is Christy Ng's goal to recreate every girl's shoe fantasies and turning them into reality by manufacturing unique, exceptional quality footwear at a decent price tag.

"With the right pair of heels, she can conquer the world."

OF THE YEAR**

HARITH ISKANDER MUSA

HARITH ISKANDER MUSA

Widely regarded as Malaysia's Godfather of Standup Comedy, Harith Iskander has graced the stage with his jokes and hilarious stories for almost 30 years. He's brought critical and international acclaim to Malaysian comedy by not only winning a worldwide standup comedy competition but also being the first South East Asian comedian to have his own Netflix's comedy special titled "I Told You So". His contribution to the arts in Malaysia also includes his work on film and television. Having served as a writer, director, producer, and actor on multiple hit series and movies since the early 90s. Many of which end up as cultural touchstones in Malaysian media history.

Using his hard-won clout and resources gained from his international success, Harith has opened up his own comedy club called THE Joke Factory which he uses to showcase and discover fresh new talent. This initiative is part of his goal to grow the live comedy scene and highlight Malaysia's talents to the world as well as introduce Malaysians to the relatively new idea of live standup comedy. Harith Iskander also actively uses his voice and platform to bring awareness to social causes and issues. He has been involved in projects sanctioned by international bodies to use comedy in dealing with and tackling issues like violent extremism and women's empowerment. Extending his participation in multiple charity concerns, Harith is actively involved in causes such as mental health, child sexual exploitation and the underprivileged and homeless.

KEVIN ZAHRI ABDUL GHAFFAR

Born in Hamburg, Germany in 1978 to a German mother and Malaysian father, Kevin Zahri Abdul Ghaffar spent all of his childhood in Germany before moving to Malaysia in 1991. After completing his secondary education at MRSM Pengkalan Chepa, Kevin secured a scholarship from Proton and completed his Degree in Mechanical Engineering (minoring in Economics) at Northeastern University in Boston. It was during his time in college which is where he fell in love with fitness and that he took it upon himself to get certified as a personal trainer and nutritionist. Over the years, Kevin has published books, e-books, written for various fitness and lifestyle magazines, hosted and appeared on various TV shows, programs and magazines. He is also an avid corporate wellness and motivational speaker. Remarkably, Kevin is also a member of MENSA, the high IQ society. In 2013, Kevin started a nationwide program called Jom Kurus which helps people get active and healthy in a creative and fun environment. As at November 2019, Jom Kurus has had 13 successful seasons with over 40,000 participants, over 300,000kgs lost and endless success stories that continues to inspire the nation. The foundation of the success of Jom Kurus is simple: empowerment, education, fun factor and community. The success of Jom Kurus has allowed Kevin to evolve the movement into a sports and a CSR initiative called Jom Kurus Sekolah which is targeted at reducing obesity and inactivity amongst Malaysian students.

**HOMEGROWN FILM
ENTREPRENEUR**

PRAKASH MURUGIAH

PRAKASH MURUGIAH

Prakash Murugiah's dream was to be an aspiring filmmaker. He dreamt of changing the world with his movies at a very young age and vowed he would do whatever it takes to make his dreams come true. When he was younger, friends around him in school would often say he would amount to nothing and often said that he was building castles in the air. Undeterred about what people around him said, he was constantly bright-eyed and bushy-tailed from the get go, ready to do answer what he believed deeply to be his true calling. Low and behold, here comes a man who wild protect his dreams at all cost unfazed by any contradicting ideas or comments that anyone would throw at him.

Armed with utmost enthusiasm, Prakash enrolled in a prestigious art college in Petaling Jaya in hopes that he could learn the traits to succeed in the world of movie making. During his college years, he was one of his lectures favourite student as he showcased really promising potential to be an exceptional movie maker. Unfortunately due to financial constraints, he reluctantly was forced to stop his tertiary education and was immediately forced to join the workforce while his classmates get the luxury of continuing their studies.

Against all odds, though he knew the importance of money, Prakash was afraid that money would blind his vision towards the realization of his dreams. While looking for an opportunity, Prakash even succumbed to working as a waiter in a noodle shop at one of the back alley of Bukit Bintang for a few months. As his menial labour increased, so did his mettle. His strong conviction and determination of weathering out the storm turned fruitful as he was offered to work in a production company in KL. Starting as a low wage office boy and assistant director, Prakash was determined to soak up everything he needed to learn like a sponge to realise his dream as a filmmaker. Many moons had passed and after many film projects both big and small, Prakash Murugiah started his own film company named Kash Pictures SB.

A movie about unity, friendship and sacrifices was directed and produced by Prakash with blood, sweat and tears in the span of 8 years. The movie went on to be a critically acclaimed success to the masses and was highly reviewed with high ratings nationwide. This movie was titled 'Suatu Ketika, Langitkan Impianmu'. (Once upon a time, reach for the stars). To measure its success in a more in depth way, the final days of producing this movie even attracted the attention of the legendary singer and song producer Datuk Zainal Abidin. Datuk was so moved that he decided to write a theme song for the movie's original soundtrack. From the mouth of Datuk himself, he mentioned that he was the kind of artist that doesn't sing for any movies OST unless it moved him personally and deeply. In his very personal perspective, Prakash Murugiah's journey has merely just begun. With everyone's blessings, he believes his team will continue their journey to make strides in producing great movies for the nation in times to come.

RIZMAN RUZAINI

RIZMAN RUZAINI

The dynamic duo who make up Rizman Ruzaini has seen sweet success and shake-ups through the years, one claims to be old-fashioned while the other is a playful experimenter. Meet Rizman Nordin and Ruzaini Wan Jamil, two big names that become Rizman Ruzaini. The lack of similarity, however, makes them an unstoppable force when together. For more than a decade, Rizman Ruzaini has been enthusiastically showcasing designs featuring its own identity. The colorful and glamorous red-carpet theatrics by the brand regardless of whether they were hits or misses have had a huge impact on fashionable society. From celebrities to socialites and anyone in vogue, all want to be seen in a Rizman Ruzaini piece at least once in their lifetime.

From humble beginnings to becoming one of the premiere fashion houses in the country, Rizman and Ruzaini have remained grounded despite their popularity even negative comments or criticisms have had minimal impact on them. Rizman Ruzaini dreams of making major waves in the fashion industry and to be ranked among the top fashion designer in the world one day. Has been around for almost 15 years in local fashion scene especially in Malaysia and throughout this region. Collaboration between them, who were called upon to produce this label since the beginning of 2006 when they pursued postgraduate studies at one of Malaysia's leading fashion schools, UiTM Graduates of the Bachelor of Fashion Design from UiTM, Shah Alam have been through various challenges to put their name in line with other big names in the fashion world in the country.

As the designer, they have evolved to become more polished with their looks through fashion show, friends and trends. As for Rizman Ruzaini, fashion is different from other fields. It's about living in the now. Every day when they created any dresses or suits, they are recreating their client for new and fresh look and for them it's always an amazing thing to do! Success after success has been enjoyed by this pair as they have created a combination of effective co-operation. In addition, Rizman Ruzaini had been chosen as Pereka Fesyen Pilihan at the award show Anugerah Bintang Popular Berita Harian (ABPBH) for three consecutive years since 2015.

BEWELL CHIROPRACTIC

BEWELL CHIROPRACTIC™

UTILIZING GONSTEAD SYSTEM

BeWell Chiropractic formed by a team of experienced Gonstead chiropractors. We practice the Gonstead method honed from Australia. We stay true to our beliefs with the Gonstead method being the most efficient way of fixing an injury with proven results over the years of experience with our patients.

Today, many still do not know how chiropractic treatment can benefit them. Surgeries and medication are usually people's first choice because it's the only treatment people are aware of.

However, those who discovered chiropractic are finally able to understand the benefits of chiropractic being a **surgery-free** and **medication-free** alternative treatment.

As **Gonstead chiropractors**, we focus on our nervous system. Our body is connected through the nervous system in our spine, the way we move, the way we walk, it all comes from the brain sending signals down to the spine. Any interference in the nervous system prevents our brain from communicating to our body. Hence, chiropractic treatment can restore the flow of the nervous system by correcting the spinal misalignment.

CURA NATURALE SDN BHD (BEWELL CHIROPRACTIC)

BeWell Chiropractic is a unique team of chiropractors as they are all, equipped with the Gonstead techniques. They are one of the few clinics that practice this unique technique in Malaysia and which are located in Kuala Lumpur, Sri Petaling and Sunway Geo, Subang.

The use of this technique in BeWell Chiropractic was brought in by their founder, Dr. Michiko. She wasted no time to deepen her knowledge on Gonstead technique upon of hearing its wonderful results. She took the initiative to learn more on Gonstead technique when she flew to Australia to honed her skills.

The Gonstead system is known as the most complete biomechanical analysis system available in today's chiropractic system. Due to the complexity of this technique that is specific, precise and accurate, the practitioner needs to devote their time and patience to master this technique. Under the guidance and brilliant teaching of Dr. Michiko, she has passed down her knowledge and groomed her team to master this technique.

One of the reason that Dr. Michiko credits, the Gonstead technique is because it has proven itself through patients. Where she is able to see her patient restore and maintain optimal health by locating and correcting, the interference of the nervous system caused by the vertebral subluxation.

With remarkable results Dr Michiko is determined to dedicate her team and herself with the use of this technique. BeWell Chiropractors are members of Gonstead Chiropractic Society (Australia). BeWell Chiropractic has the vision to grow the Gonstead chiropractic system to be practiced more widely in Malaysia. They are currently actively helping and supporting other chiropractors by initiating the Gonstead Support Group.

LILY PETUNA SDN BHD

Lily Petuna Sdn Bhd was established in 2015 by a power entrepreneur couple, Mr Wan Johan and Ms Nurhidayah. With no experience in business but a strong dream to make a mark in the fashion industry, the couple worked hard and equipped themselves with business knowledge. Together they took up short business courses to fully understand the works.

They slowly started off by selling shawls and accessories online. Knowing that social media will be the best marketing tool for Lily Petuna, the couple invested their time learning the tips and tricks. They have successfully committed to grow their business through a variety of marketing activities through online marketing methods to connect with their customers.

Their hard work prevailed as Lily Petuna is growing day by day via social media. Lily Petuna has about half a million followers on Instagram while 150,000 followers on Facebook. This gives them an opportunity to understand their consumers' wants and interest as they use this medium to interact with them. Lily Petuna has a strong clientele databases from around the Klang Valley and across Malaysia, Indonesia, Singapore, and Brunei.

Recently they have created an iconic style for Lily Petuna which is the "Pario Styled dress with Bell Sleeves" that was a hit on all social media. They also created the "wrapped dress" that grabbed the public attention and social media. Today their brand has grown into few collections such as The Stipes Series, The Divers, The Troika and so forth. They have even managed to cast local celebrities such as Fatiya Latiff and Haneesya to be part of their campaigns.

GAPIMA SDN BHD

GAPIMA's story started on the wharves of the Penang Port in the early 70's. A few visionary bumiputera businessmen saw the business potential and was spurred by the desire to break the monopoly held by the Chinese businessmen in this trade. GAPIMA was first set up to offer stevedoring services before slowly gaining experience to expand into the Freight Forwarding and logistics industry.

In 1999, it was taken over by UEM to support the organization's logistics needs for the various infrastructure projects that it had secured. With the backing of its parent company, GAPIMA formed a partnership with UNITED SEINO, a Japanese logistics company to break into the international business of freight forwarding. In 2010, BAINE CONSULTING acquired GAPIMA and today it remains a family-owned business under BAINE.

Today, GAPIMA SDN BHD is the preferred choice for companies looking for a professional logistics partner. Backed by more than 40 years of experience, a team of professionals today work closely internally to collaborate with customers to ensure safe, cost-efficient on-time delivery all the time. We have an extensive network at 10 key entry points nationwide and collaborate with strategic partners along the supply chain. On the international scene, we have strategic alliances with Fracht AG which has offices in America, Europe and Africa and Tuscor Lloyds, a company that specializes in project cargo.

GAPIMA offers the full range of value-added services along the supply chain across various industries with a focus on the Oil+Gas, Telecommunications, Energy, Infrastructure and Pharmaceutical sectors. We provide innovative, tailor-made logistics solutions to give our customers a decisive competitive advantage along the supply chain.

Well known internationally for the purity and efficacy of innovative formulations and Winner of the Asia Pacific Super Health Brand 2016-2019. All products are sold in Leading Pharmaceutical Store Watsons and Guardian.

OUR BEST PRODUCT

Portable Saunaku Gold and Saunaku Bronze with NANO Technology, and Saunaku FIR Silver with Infra-red Technology. NANO Steamer comes with more futuristic and exclusive design. Better wettability and skin-friendly steam. FIR Infra-red in the other hand, is much easier to use. Plug, and then just control the temperature and time using the remote control.

We also provide other products such as Wooden Sauna and Wooden Sauna Outdoor that comes with Far Infrared Ray technology, and Traditional Sauna with Stove.

NO. 1 SUPPLIER FOR PORTABLE SAUNA IN MALAYSIA.

Early establishment of Saunaku in year 2006, the company was registered under the name Dika Trading (SA0199494- X). After 12 years, in 2018 Dika Trading has changed to Saunaku Sdn. Bhd. as a step for expanding a business. We have 200 agents all over Malaysia and we are collaborating with a few artists in Malaysia which is Memey Suhaiza, Yatt Hamzah, and etc. We have expanded our business to Singapore and Brunei.

OUR SAUNA'S BENEFITS

Sweating is one of the body's most natural ways to eliminate toxins, making it a crucial part of detoxification. A sauna use can raise the skin temperature to roughly 40° Celsius or 104° Fahrenheit. As the skin temperature rises, heavy sweating also occurs.

Sauna therapy also promotes relaxation by helping to balance the body's primary stress hormone. Help to relaxes the body's muscles, improves circulation and stimulates the release of endorphins.

Sauna therapy also helps to reduce the risk of hypertension (high blood pressure). The increase in body temperature during sauna bathing can cause blood vessels to dilate, which can increase blood flow.

REKA SOLARIS SDN BHD

Established in 1991, Reka Solaris Sdn Bhd has a clear direction of its visions which is to nurture the organizations on developing excellent workforce, particularly in the creative discipline of interior designing. The managing director, Ms Linda Abas has stood firm on the quality of her services and always inspire the company to be creative and unique in their designs. They focus on key areas of interior design and interior decorations (office, home, surau, mosque, lobby) as well as, soft finishing work such as curtains, blinds, wallpaper rugs and furniture.

Linda is leading the frontline to grow Reka Solaris in to a professional direction for interior and space design. Her extensive knowledge in managing projects and people, has grown Reka Solaris from a one woman show to a group of 10. 10 expertise was enough to propel Reka Solaris to greater projects. Reka Solaris took on projects from big to small scale with the objective of satisfying and going beyond client's expectations. The customer needs are always the top priority for Reka Solaris. Quoting Linda, she finds that keeping the office culture in good vibes, great discipline, and a groovy teamwork was key to sustain their business.

Currently Reka Solaris is being re-branded to "Reka Reka" curated by L.A, and has opened their first One Stop Centre Showroom for interior design and renovation at UTM's Gurney Mall, Kuala Lumpur in April 2019.

In just a few years, Dato' Robin Yeong has risen up to join the upper echelons of industry players in the global crypto currency arena. His watchful eye for emerging trends and his knack for finding global partners and building valued business relationships has placed him firmly at the forefront of one of the most exciting and quickly developing global industries - Financial Technology or FinTech. As the founder of Worldquest, Robin already has established his presence in Asia (China & Malaysia), Europe (Germany, Switzerland & Ukraine) and most notably has imminent plans to expand his business to one of the richest countries in the world - Saudi Arabia. Robin's success in the industry is no fluke. His eye for trends, attention to detail and hardworking spirit has always been a driving factor in his success. Opportunities did not come easy early in life, and Robin started working from the age of 16 to support his family after his father was declared bankrupt.

Following odd jobs in factories, selling printed stickers and even moonlighting as a barista, Robin's first true discovery of his entrepreneurial spirit came when he joined Amway. Robin credits his time as an MLM entrepreneur for teaching him leadership skills, sales discipline and business focus - traits that would come to the fore in his future ventures. His initial foray into the finance industry came when he was introduced to the FOREX market at the age of 25. Robin learnt he was a natural at spotting trends and adapted quickly to changing environments, leading to his first windfall three years later. Robin's dedication towards FinTech has already been recognized globally, and opportunities in the immediate future have been greatly spurred after he received an Entrepreneurial License to operate blockchain and blockchain related investments in Saudi Arabia, one of the richest regions in the world. The recently launched Saudi Arabian General Investment Authority (SAGIA) licensing service targets entrepreneurs and innovators seeking to establish projects in the Kingdom, and Worldquest's acquisition of the licence will enable it to benefit from various business incubators, research centres and small and medium enterprises (SME) services. Not many Asians have been able to penetrate the Saudi market, and with the license in hand, Robin will blaze a pioneering path as he spearheads all activities within the kingdom when it comes to blockchain technology development, ICOs and marketing of cryptocurrencies.

MR OWEN POH

Dorian-Inside, is the precious brainchild of Mr Owen Poh Choon Ho, founder of Tropical Wine Sdn Bhd who is an avid durian lover himself. One of his favourite adventure is questing for the best quality durian in Malaysia, when the season arrives. To him, nothing beats the aroma, texture and the lingering flavour of a premium quality durian. After years of pursuing delectable durians, at last, he found his one true love, the Musang King. With yellow flesh of smooth custard, a lingering aroma to yearn for and a unique tantalising flavour that one cannot forget, Mr Owen has found one true love amongst the other good durians.

From that day on, Mr Owen became obsessed with the Musang King Durian. His love for the Musang King Durian has no boundaries causing him to think of ways to share the goodness of this fruit to everyone he knows, within or even out of Malaysia. His only problem is to salvage the original aroma, flavour and nutritional benefits of the Musang King Durian as they deteriorate fast upon harvesting. He started forming his team of comrades with similar passion and love for the Musang King Durian. So for days, and nights, Mr Owen and his teammates work on creating a product that can showcase the amazing value of the Musang King Durian that no one else has ever made. With durians from the best vintage Musang King Durian tree and inspiration from making of “tempoyak”, a traditional delicacy from fermented durian pulp, the team concocted the idea of pure undistilled Musang King Durian liqueur. They named this unprecedented creation Dorian-Inside! At first, Dorian-Inside received mixed opinions and feedbacks amongst friends and close associates. Praises and criticisms alike, were directed to Dorian-Inside. Mr Owen and his team did not give up but instead, became motivated and persisted to perfect their creation. With great support and cooperation from all team mates, finally, on June 2017, the first batch of premium Musang King Durian liqueur was released, ready to entice the world and change minds of durian haters!

MS MEERA NORDIN

Noor Meera Nordin who hails from Kedah started a humble online business selling beauty products as soon as she left school. During that time, she did a lot of research about ingredients in beauty products. From that, she got the inspiration to produce product which is unique and different from others. Her decision to use gemstone in her cosmetic and skin care product out of sheer interest soon saw her starting a research and development process for each gemstone.

Her first successful product was the Meeracle Facial Cleanser and Meeracle Facial Serum which made headwaves around Malaysia and managed to establish a strong agent system that has changed the life of many women and gave them an opportunity to elevate themselves financially.

Ms Meera eventually ventured into more beauty product lines, still using gemstones as her base and hopes to eventually penetrate a larger global market.

At the age of 27, he is one of the youngest C.E.O of a Security company in Malaysia. Interesting enough he is a graduated from Ipoh Flying School as a certified pilot in the year 2011.

During this period of time Parviinderpal, was facing a challenge in the airline industry due to the lack of intakes. Regardless, he did not give up and decided to venture into fields he was new to.

In the year 2012, he joined his father to work in finance industry at an executive level. He wanted to familiarize himself in the finance industry by taking a few courses. After a year in, he decided to venture into his own line of business.

In the year 2014 he managed to obtained a license to Manage and Run a Security Company from the Kementerian Dalam Negeri (KDN). Thereafter he took a deep interest into the Security Company as it was a challenging business. He came to realize it was not easy to manage staffs at different levels and locations, as well as noticing the security industry was very competitive. He admits in that period, he faced many challenges and made a few mistakes down the line. However he took all the negativity he faced into a learning milestone.

2 years into the business, Parviinderpal took it upon himself to study the business modal of the security industry and proposed an S.O.P for Uppal Aimed Security alongside his director, Mr Kelvindrjit Singh Uppal. He recalled being one of the smallest security company with 26 guards among the big players.

Parviinderpal said "With dedication and ensuring that our service was top notch, making the monetary gain as a second priority, really propelled Uppal Aimed Security to greater heights."

He currently has 35 running projects with 233 guards consisting of locals and Nepalese in such a short time frame. He aims to change the perception of security guards as the next in line after the Army and the Police of the Country.

DR MICHIKO LIEW YOKE YEN

Coming from a humble beginning and remarkable story, Dr Michiko knew she wanted to be a doctor. At the young age of 14, she had to face the harsh reality of losing her grandmother to sciatica and lumbar disc hernia. Few years later she was struck with another fear as her mother, was facing tremendous knee pains. She used these life lessons and fear, and turned into strength to find alternative treatments to help the people she loves. This tremendous journey has brought her to her chiropractic practices.

Dr Michiko knew that chiropractic was meant for her, as soon as she joined. She was fascinated on how the brain and spine work codependently with one another. At a young age, Dr Michiko's passion grew and she was eager to know more.

Her dedication and passion knows no bounds, as she was willing to put in her time and sweat into it. Upon learning of "Gonstead method in Chiropractic" she immediately became fascinated and took no time, to fly to Australia and gain more knowledge. With this knowledge she immediately incorporated it into her practices and used it to help her friends and family.

Astonished by gonstead method results, she was eager to teach and share it to her colleagues. Dr Michiko known for her acts of kindness by doing numerous CSR projects to help those in need. Hence why, kindness is the word used by her colleagues and patients to describe Dr. Michiko.

Her drive and passion has moved Bewell Chiropractic from a small retail lot in Sri Petaling, to a bigger location in the vicinity. Not long after BeWell has successfully opened a new branch located in the heart of Sunway City in such short time frame.

Dr Michiko admirable entrepreneur journey has lead SEBA to accord her and her team the "Best Chiropractic Rehabilitation Centre" to BeWell Chiropractic and " Rising Chiropractor Advocate Award" for Dr Michiko Liew.

MR WAN JOHAN SHAH & MS NURHIDAYAH ZAINODIN

Mr Wan Johan Shah obtained his aviation licence after 5 years from the Commercial Pilot License and Instruments Rating" in 2014. Upon completion, he decided to dive into business as his family members were from various business background. Due to this exposure, he was intrigued to try his hand at a few businesses. He soon met his future wife, Nurhidayah Zainodin who was also keen in starting her own business.

Ms Nurhidayah Zainodin is a graduate from UiTM with a bachelor's degree in Mass Communication In Public Relations, in the year 2009. Upon completion of her studies, she manage to secure an executive position in a private company, in Subang Jaya. Nurhidayah has always had an eye for fashion, and was keen to join the muslimah fashion industry that was on a rise. She focused on producing shawls which had specific choice of fabric based on it's style as well, as selling accessories.

Wan and Nurhidayah, teamed up together to play both roles of husband and wife and, business partners. Both of them expanded their knowledge together by up taking various business classes and seminars. They worked together on studying the business modal of the fashion industry in Malaysia.

Wan and Nurhidayah, established Lily Petuna Sdn Bhd in the year 2015 in Shah Alam. Together, they have created an iconic style for Lily Petuna which is the "Pario Styled dress with Bell Sleeves" that was a hit on all social media. They also created the "wrapped dress" that grabbed the public attention and social media. Today their brand has grown into few collections such as The Stipes Series, The Divers, The Troika and so forth. They have even managed to cast local celebrities such as Fatiya Latiff and Haneesya to be part of their campaigns.

Both of them are an inspiring entrepreneur couple which started, from only selling shawls into clothing lines that their customer can't wait to get their hands out. Hence SEBA has accorded them with:

Mr Wan Johan Shah - TREND SETTER ENTREPRENEUR OF THE YEAR

Ms Nurhidayah Zainodin - THRIVING FASHION-PRENEUR - MODEST WEAR

TDGPEOPLE INTERNATIONAL SDN BHD

With a mission that revolves around creating beautiful, functional and purposeful hijabs for urban Muslim women, Tudung People was officially launched on 27 May 2011. It is Malaysia's first online hijab store and its popularity has grown among the Muslim community within and outside of Malaysia since its inception.

Each of its collections comes with a rich story, and the brand, which operates around its motto – “Making Tudung by and for the People” – anticipates becoming a global Muslim brand that is Syariah-friendly and tailored to suit the lifestyle of urban Muslim women.

The hijabs designed by Tudung People encompass three important values: Innovative, Variety, and Sleek Modern. In addition to a growing number of followers, Tudung People is also the Winner of the Best Hijab Inner Award 2017 and Best Satin Silk Award 2017.

The product range has expanded over the years, from starting off with just the basic line of hijabs and scarves to encompassing limited-edition custom prints, sportswear that feature quick-dry and cooling features, as well as luxe wear for bridal and other special events.

LEE MING PRESS SDN BHD

Lee Ming Press is a designing and printing company based in Kuching, Sarawak, Malaysia, that focuses on producing high quality results for any printing job. Whether it is for annual reports, corporate projects, leaflets, newsletters, posters, name cards, seasonal cards, exercise books, school diaries, magazines, backdrops, banners, buntings, or packaging boxes, we offer you our best.

While other printing companies outsource some of their production processes, Lee Ming Press has all the in-house equipment and services to provide you with speedy one-stop printing – from designing, color separation, printing, hot stamping, UV, cutting, gloss/matt laminating, to binding. Your printing needs are continually monitored in one place to ensure consistency in quality and on-time completion.

Since the late 2000, Lee Ming Press as undergone a rapid computerization of its operation. ERP system was introduced to further strengthen the management of sales for the sales and marketing department. Enabling them to easily retrieve information from the database and serving the customers more efficiently.

Lee Ming Press has always been a pioneer in the acquisition of high tech printing machinery. Back in 1990's, it was the first East Malaysian printing company to acquire a four-colour offset printing machine, followed by a five-colour printing machine. In 2017, we have acquired 2 brand new printing machinery with one of them being the largest size in East Malaysia (29" x 41"). Currently we are the only printing company that has four 8 up A4 size printing machine running up to maximum speed of 16,000 sheets per hour in Sarawak.

Due to demand from short run printing and urgent job, we also set up a digital press room with 4 production colour as well as black and white from Fuji Xerox and Canon. Both colour digital press is equipped with efi colour server which is used for colour management.

RESTORAN MAHBUB SDN BHD

Restoran Mahbub started in 1974 originally as Restaurant Sharifa in Bangsar. In 1995 the restaurant was formally renamed and has been successfully run for last three generations known popularly as Restoran Mahbub. In the beginning, we started with very few dishes but quickly gained popularity with our main dish the Nasi Briyani Ayam Madu (Honey Chichken Briyani) which has become the best signature dish since 1974 until now. Apart from the Nasi Briyani which forms an integral part of the Indian cuisine, over the years the restaurant has served a wide variety of dishes and has gained popularity as having the best Nasi Briyani Ayam Madu in town. By the year 2000, the restaurant introduced its best-selling dish which until now has been a top seller – the Nasi Briyani Buhara, another signature dish by Restoran Mahbub which gives you more spices for an exotic experience filled with aromatic smell.

We have also introduced the new innovative Briyani Box which our customers can buy anytime and preheat it later using a microwave oven and fully enjoy a hot and delicious Nasi Briyani at their convenience. Furthermore, the original age old recipe of this dish has been carried on traditionally from time immemorial until now without the slightest of change to ensure the authenticity of the traditional taste and experience.

We take special care for all our dishes and make it special to our customers and all spices and condiments used in the making of the briyani's are made by us in-house. The aromatic ingredients increase the quality of taste and add to the nutritious value of the Indian food. Besides these signature dishes, other dishes like in-house creation of Fried Noodles Soups, Tandoori Chicken, New Zealand Lamb Shank, Murtabak and other Spicy Indian style dishes shouldn't be missed, come to Restaurant Mahbub now and taste the difference!

SME Corp. Malaysia

SME Corporation Malaysia (SME Corp. Malaysia) is the central coordinating agency (CCA) under the Ministry of Entrepreneur Development Malaysia (MED) that coordinates the implementation of development programmes for small and medium enterprises (SMEs) across all related Ministries and agencies. It acts as the central point of reference for research and data dissemination on SMEs and entrepreneurs, as well as provides business advisory services for SMEs and entrepreneurs throughout the country. SME Corp. Malaysia also assumes the role of the Secretariat to the National SME Development Council (NSDC), which is chaired by the Prime Minister of Malaysia.

The genesis of SME Corp. Malaysia dates back to 2 May 1996, when a specialised agency was established under the Ministry of International Trade and Industry (MITI) to spur the development of small and medium industries (SMIs) by providing infrastructure support, financial assistance, advisory services, market access and various other support programmes. Known as the Small and Medium Industries Development Corporation (SMIDEC), its aim was to develop capable and resilient Malaysian SMIs to be competitive in the global market.

SME Corp. Malaysia was gazetted as an agency under the Ministry of Entrepreneur Development Malaysia (MED) in November 2018. Today, SME Corp. Malaysia is poised to realising its vision of being the nation's premier organisation for the development of progressive SMEs to enhance wealth creation and social well-being of the nation. In fulfilling its mission of promoting the development of innovative, resilient and globally-competitive SMEs through effective coordination and provision of business support, SME Corp. Malaysia endeavours to empower the critical mass of SMEs with efficient processes, robust business models, access to financial resources, smart partnerships, market-entry strategies and sustainable growth solutions, through various platforms and programmes for SME and entrepreneur development.

SME Corp. Malaysia functions as the central point of reference for information and advisory services for SMEs nationwide. SME Corp. Malaysia provides business advisory services and information to SMEs and entrepreneurs through SME Hub which is located at the Head Office in Kuala Lumpur, and 12 State Offices throughout the country. SME Hub also acts as the Ministry of Entrepreneur Development Malaysia's Entrepreneurship One-Stop Centre (OSC-MED), which houses various agencies under MED; including SME Bank, TEKUN Nasional, Bank Rakyat, National Institute of Entrepreneurship (INSKEN), UDA Holdings, Cooperative College of Malaysia (CCM) and Malaysia Co-operative Societies Commission (SKM), as well as other agencies; such as Intellectual Property Corporation of Malaysia (MyIPO) and Royal Malaysian Customs Department (RMCD) that provide advisory services and facilitation to SMEs and entrepreneurs.

On top of that, SME Corp. Malaysia also implements various programmes and initiatives under its own auspices, including its annual flagship programmes; such as the SME Annual Showcase (SMIDEX), Enterprise 50 (E50) Award and SME Week. As the central coordinating agency (CCA) for the overall SME development in Malaysia, SME Corp. Malaysia coordinates, streamlines, monitors and evaluates the progress and effectiveness of SME development programmes implemented by 15 Ministries and more than 60 agencies. The information collected from the relevant Ministries and agencies is reported annually under the SME Integrated Plan of Action (SMEIPA).

SME Corp. Malaysia is also the agency driving the implementation of the SME Masterplan (2012 - 2020) that charts the policy direction of SME development until 2020. The Masterplan aims to accelerate the growth of SMEs via innovation-driven and productivity-led strategies for Malaysia to achieve a high-income nation status by 2020. In addition, SME Corp. Malaysia forges close partnerships with industry associations and strategic partners from both the public and private sector, with the aim of fostering and strengthening sector and industry-specific cooperation and collaboration, as to further support and promote the development of SMEs and entrepreneurs in Malaysia.

The establishment of RAMCI is aiming to improve on the reliability of the critical information about Malaysian individual as well as the companies and their business affairs to the public. RAMCI recognised the void in the market and the unfulfilled demand for professional, reliable credit information and scores on individuals, companies, small and medium enterprises and therefore the establishment of RAMCI is able to fulfil the demand.

RAMCI is backed by RAM Holdings Berhad, established in November 1990 as Malaysia's premier credit rating agency provider of advisory services and DP Information Group, formed in 1978, a leading Singapore credit and information bureau, who is the subsidiary of Experian,

the global leader in credit solutions and analytics, and a constituent of Britain's FTSE 100 index.

For the past many years, RAMCI operates a credit-information bureau in Malaysia that provides credit information and advanced scores/ratings to business corporations, financial institutions, and legal as well as accounting firms as a basis for credit sales, marketing, financial, purchasing and general management decisions. The objective is to provide comprehensive and credible credit information on the individual, companies and businesses, therefore shorten the processing time in making credit decisions and enhancing better access to financing for good credit profile individuals or corporate.

Malaysia Retail Chain Association

Malaysia Retail Chain Association (MRCA) was founded in year 1992. The association strongly believed that by pooling all the resources together, Malaysian chain retailers could harness networking power to expand their business and facilitate the enhancement of chain stores management through education and training. MRCA acts as an excellent avenue for retail businesses to network and exchange ideas, share resources and to promote the healthy expansion of the retail industry in Malaysia and abroad.

MRCA aims to create a highly supportive environment to build retail businesses and pool ideas, experiences and efforts to tap on various opportunities in Malaysia as well as abroad. Its vision is to be recognized as one of the most influential retail bodies in Malaysia, supporting the development and globalization of the retail industry.

Since it was established, MRCA has developed into a very strong organisation, comprising of more than 440 leading retail chain stores operators as well as franchisors and covering more than 25,000 outlets throughout Malaysia.. With such a vast network of retail outlets, these members help provide more than 150,000 job opportunities to Malaysians across the country, and the number is expected to continue to expand, judging from the bright potential of the retail industry. MRCA members have also successfully expanded overseas in countries such as U.S.A., Australia, China beside the African, Middle East and ASEAN countries. MRCA provides its members with the opportunity to capitalize on the collective experience and resources of Malaysia's dynamic group of retail experts.

SME Bank Malaysia

SME Bank was established in 2005 is now one of the nation's leading Development Financial Institution (DFI) wholly-owned by the Ministry of Finance and regulated by Bank Negara Malaysia (BNM). SME Bank is fully committed in driving the nation's economic growth by providing not only financing assistance, but also development expertise to small and medium scale enterprises, allowing those businesses to prosper and grow.

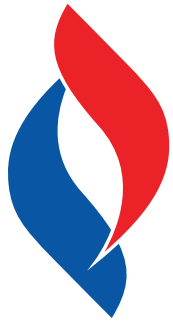

The Bank plays an important role in supporting the Malaysian Government's economic and development initiatives such as the National Key Economic Areas (NKEAs) (2010-2020) and the Financial Sector Blueprint (2011-2020).

Over the last decade, the Bank has progressed tremendously in its operations and also human capital developments delivered through its strategic Five-Year Transformation Plan which among others saw the Bank becoming an Islamic Principle Based DFI in 2015. Moving forward, the Bank aims to strengthen its position as the preferred financial partner for the SMEs.

Suruhanjaya Koperasi Malaysia

Malaysia Co-operative Societies Commission of Malaysia (SKM) is an entity that was incorporated on January 1, 2008. SKM was formerly known as the Co-operative Development Department of Malaysia (JPK).

At its inception in July 1992, the department called The Office of The Director of Co-operation serves to form, register and develop co-operatives under The Co-operative Societies Enactment 1992 [FMS Cap. 97 of 1935] and was assigned to guide and develop the cooperative movement.

The first headquarters was located in Taiping, Perak. It then moved to Kuala Lumpur in 1924. The Cooperation Development Department name was then changed to the Department of Cooperative Development (JPK) in the late seventies. Enactment 1992 has been repealed and replaced by the Akta Koperasi 1948 (Revised in 1983).
